Dear D&H Enterprises

Dear D&H Enterprises:

On behalf of all of us at Contra Costa ARC's program ARC Inroads, we would like to thank you for providing us with the set of brakes for our company vehicle. It was very kind of you to help us during these difficult times with all of our financial cutbacks. Because of your donation, we were able to receive top quality service and parts from your company.

As we lease our vehicles they remain one of our greatest expenses in the running of our organization. Without help from fine establishments such as yours, we would not have been provided with as many opportunities.

Your concern for our safety and welfare is awe inspiring during these times. I am amazed at your willingness to go above and beyond what most companies are willing to do for help.

Please accept our sincere appreciation for your continued support of our efforts to improve the quality of life for persons with developmental disabilities in our community.

Sincerely,

Rock B. Jocelyn
